1. Remove screws.
2. Place three LR 44 batteries in the correct position - as displayed inside the Mobile Power Source. If swallowed, it could cause severe injury or death in just 2 hours. Seek medical attention immediately.

**WARNING:**
- **CHOKING HAZARD - Small parts.** Not for children under 3 yrs. Do not submerge in water.
- **STROBE LIGHTS MAY CAUSE SEIZURES**

### Construction Parts List
- **x1** Laser Pegs
- **x2** Connecting Pegs
- **x6** Peg Holes
- **x2** Power Switch
- **x2** Battery Compartment
- **x3** Batteries
- **x1** Mobile Power Source

### Laser Pegs® Parts List
- **x1** Laser Pegs
- **x2** Connecting Pegs
- **x6** Peg Holes
- **x2** Power Switch
- **x2** Battery Compartment
- **x3** Batteries
- **x1** Mobile Power Source

**WARNING:** Each Laser Peg® draws current from the batteries. Therefore, the more pegs you use, the quicker you will deplete your battery power! As the power weakens, the current will slowly fail and some Laser Pegs® will illuminate (typically the reds and yellows) and some won’t. When the Laser Pegs® dim, the Laser Pegs® are not broken, they just need stronger batteries.

**Replacing Batteries**
1. Remove the Phillips head screw.
2. Remove the Battery Compartment Cover.
3. Place three LR 44 batteries in the correct position. Batteries are to be inserted with the correct polarity.
4. Replace the Battery Compartment Cover.
5. Replace the Phillips head screw.
6. Slide Power Switch to turn on!
7. Do not mix old and new batteries.
8. Do not mix alkaline, standard (carbon-zinc), or rechargeable (nickel-cadmium, NiMH) batteries!
9. Exhausted batteries are to be removed from the power base.
10. Never connect more than 4 Laser Pegs® from the power base.
11. Non-rechargeable batteries are not to be recharged.
12. Rechargeable batteries are only to be recharged under adult supervision.
13. Rechargeable batteries are to be removed from the toy before being recharged.
14. The supply terminals are not to be short-circuited.
15. DO NOT THROW BATTERIES INTO FIRE!

Please dispose of batteries properly as per state and local regulations.

**CARGO HELICOPTER**

This product contains a button battery. If swallowed, it could cause severe injury or death in just 2 hours. Seek medical attention immediately.

**Environmental Phenomena**

*The unit may malfunction if subjected to radio-frequency interference. It SHOULD revert to normal operation when the interference stops. If not, it may become necessary to turn the power off and back on, or remove and reinstall the batteries. *In the unlikely event of an electrostatic discharge, the unit may malfunction and lose memory, requiring the user to reset the device by removing and reinstalling the batteries.
