A 3D perspective view of a LEGO Technic vehicle. The base is a large purple Technic brick. On top of it is a green Technic beam. A yellow Technic beam is attached to the green beam, sloping upwards. A red Technic beam is attached to the front of the green beam. Two purple wheels are visible, connected by a white track system. The vehicle is built using various other Technic components like pins, axles, and smaller beams in blue, green, and orange.
